Mr. Nikjou
Bureau of Hazardous Waste Engineering
New Jersey Department of Environmental
Protection
33 Arctic Parkway
CN 028
Trenton, NJ 08625-0028

Dear Mr. Nikjou,

This memo will confirm our meeting date on Tuesday, October 17, 1989 at 10:00 Am in you offices to discuss the following subjects:

- *Current status of Jobar Packaging & Warehousing, Inc. as they relate to a prior TSD Facility.
- *Current status of Frey Industries, Inc. as we relate to a interim TSD Facility.
- *Clarification of Frey Industries, Inc. status relative to actually being classified as:
 - a) Generator of Hazardous Waste
 - b) Storage Facility of Hazardous Waste
 - c) Transporter of Hazardous Waste
- *The apparent error by BASF in not using their generator number in 1988 on disposal forms, but indicating Frey/ Jobar's EPA number.
- *The manner in which line washings are to be identified and stored upon completion of drummings or transfers of our customers raw materials from bulk to smaller containers.
- *The manner in which customer returns of damaged containers are to be identified and stored prior to customers approval to repackage, return or dispose of same.

*The status of recul damaged containers while they remain at our facility awaiting our customers disposition. These dispositions are based on insurance evaluations, quality approvals, etc.

*The status of storage tanks that are located on the third floor of Building #7, allegedly containing non-hazardous residue from PPG's occupancy in 1970.

I would also like to propose that we bring our environmental consultants, Dr. Richard Greenberg, President of Environmental Waste Management Associates and his associate William Wertz to this meeting, and that Messrs. Arnold Schiff and Boleslaw Czachor from your Metro Region office be in attendance, since they are most familiar with our facilities.

Thank you very much for your anticipated cooperation in this matter.

Very truly yours,

Tilghman B. Frey

TBF/ps

cc: B. Czachor - NJDEP - Metro Region

R. Greenberg - Environmental Waste Mgt.

W. Wertz - Environmental Waste Mgt.

T. Scherman, Chief, Hazardous Waste
